Comments: Provide any clarifying information, including number of fish observed, location of fish survey data, etc.

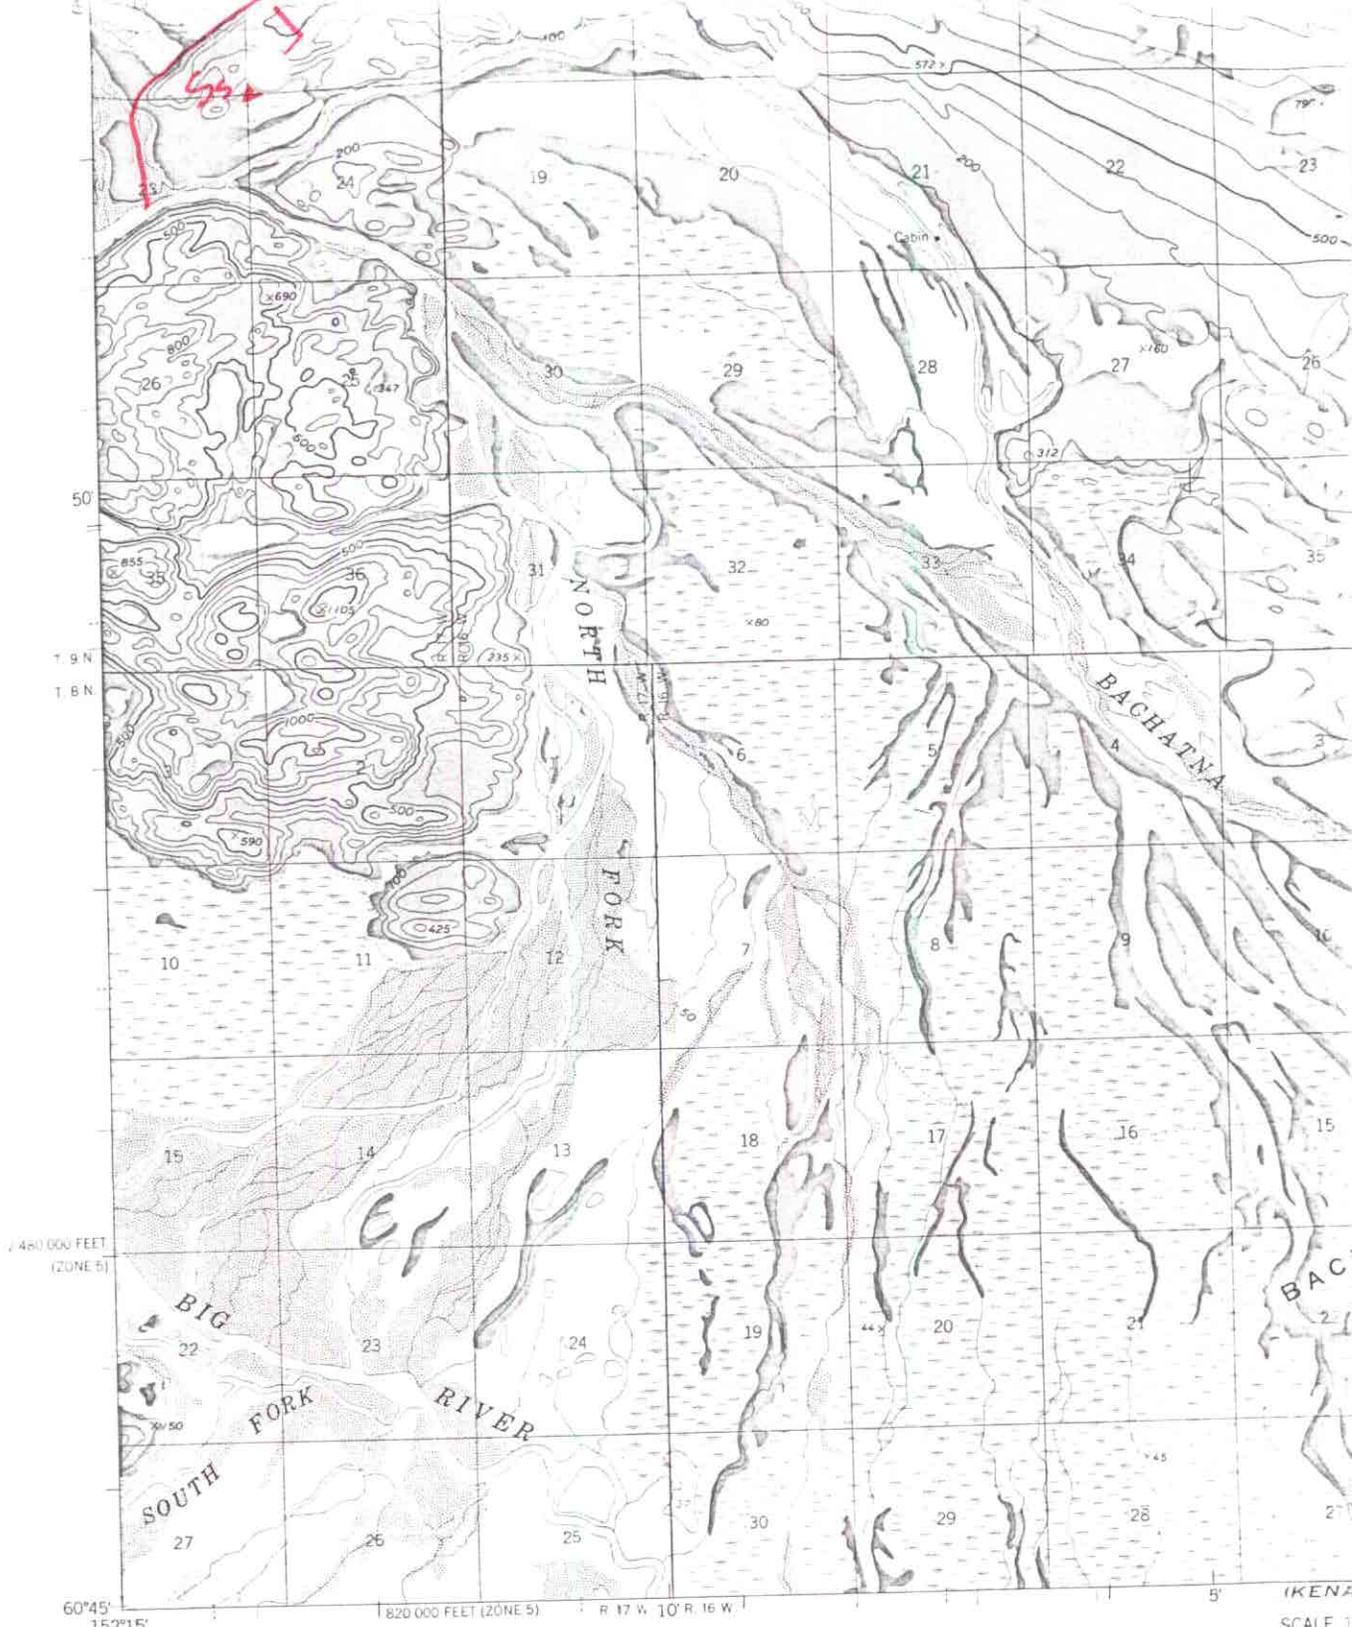

Weekly surveys enumerated 3-4000 sockeye, 500-1000 pink, & 3-4000 coho in added areas (see attached maps). Exact dates and counts housed in ADF&G CF files in Soldotna

Attach a copy of a map showing location of mouth and upper points of each species, specific stream reaches identified for spawning or rearing, locations of barriers, such as falls. Attach a copy of the fish survey data, if available.
