 Local name _____

Species	Date(s) Observed	Spawning	Rearing	Migration
<u>Coho Salmon</u>	<u>Sept 11, 1986</u>		<u>X</u>	

Comments: Provide any clarifying information, including number of fish observed, location of fish survey data, etc.

Coho Salmon observed Below Railroad Culvert numerous times during Summer. 14 coho caught in baited minnow trap after 15 minute soak to verify species identification. Coho never observed above culvert but rearing habitat is poor. Further investigation is needed to find upper limit of rearing fish and possible presence of spawners.

Attach a copy of a map showing location of mouth and upper points of each species, specific stream reaches identified for spawning or rearing, locations of barriers, such as falls. Attach a copy of the fish survey data, if available.

Name of Observer (please print) Stewart Seaberg

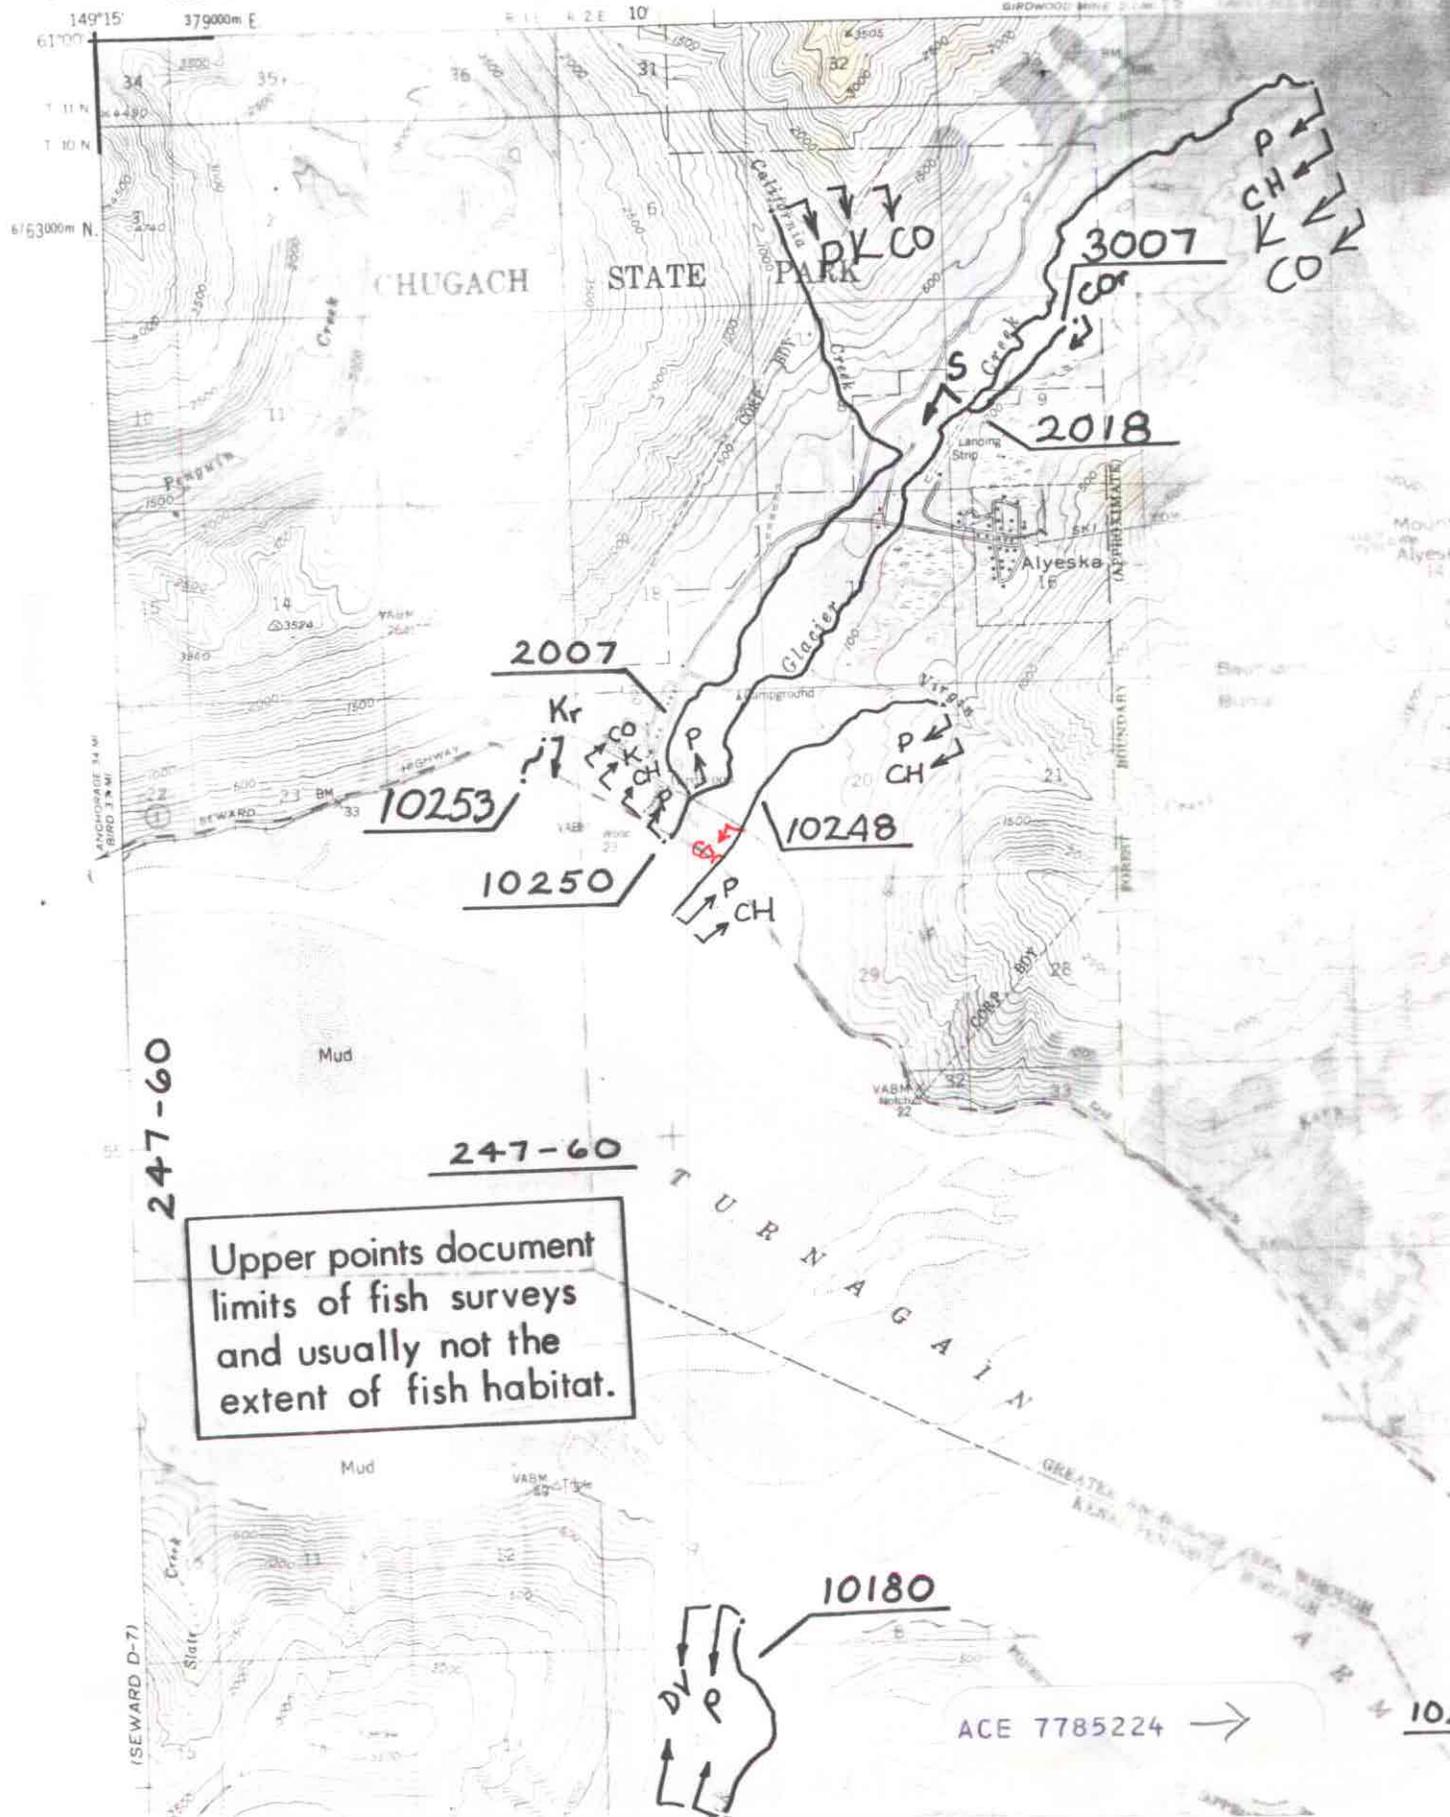

Date: 10/7/86 Signature: Stewart Seaberg

Address: ADF&G / Habitat Div
