Comments: Provide any clarifying information, including number of fish observed, location of fish survey data, etc.

Chinook salmon fry planted in Monsoon lake in late June or early July each year indicated above. After 1992 plant, it is possible that no more will be planted since the program is not progressing as expected.

Attach a copy of a map showing location of mouth and upper points of each species, specific stream reaches identified for spawning or rearing, locations of barriers, such as falls. Attach a copy of the fish survey data, if available.

Ken; I included two nomination forms with your permit for the weir at Monsoon Lake. I issued an 840 permit for the weir but we should get the Catalog updated. Please fill out the rest of the nomination forms, along with a copy of a map showing locations, and send them back to either me or Ed Weiss in Habitat Division, Anchorage.

Thanks
