OBSERVATION INFORMATION

Species	Date(s) Observed	Spawning	Rearing	Migration	Anadromous

IMPORTANT: Provide all supporting documentation that this water body is important for the spawning, rearing or migration of anadromous fish, including: number of fish and life stages observed; sampling methods, sampling duration and area sampled; copies of field notes; etc. Attach a copy of a map showing location of mouth and observed upper extent of each species, as well as any other information such as: specific stream reaches observed as spawning or rearing habitat; locations, types, and heights of any barriers; etc.

Comments: Wasilla Cr. is incorrectly mapped on this and all other Quads. See attached map.

Name of Observer (please print) Lacy Bartlett

Date: 1-13-97 Signature: [signature]

Address: SF - Palmer.

ALASKA DEPT. OF FISH & GAME
