DANGEROUS

ISLAND

1 emy to eelots caught 1 cutthroat
& lost 1

- fish traps in streams just below outlet - got coho & Dolly Varden
- were Dolly Varden, pinkies & chums @ tidewater just below fish ladder

- Bay of Isles very steep area, no well developed estuary
- wonder if this might explain some of differences in growth rate between cutthroat & Dolly Varden in oiled & unoled areas

19 July 1997

- Burnbont Lake - Echanmy Bay
1500, warm overcast
- hike to creek relatively short 10-15 minutes
- spent time at outlet and along shore just above
- traps set in stream but didn't get anything in them
- Merlin got most fish - bolos w/ roe in pool just above stream
- Terry caught 6-7 fish on bolos near small inlet stream ~ 200m above outlet

- only other fish caught was 1
Dolly Varden

- G Reeves, T. Koelofs, D. Hankin, Jim Holley,
M. Schelste

20 July 1997

Cowpin Lake - Unakuk Inlet

- were 6 people (G & Z Reeves, T Koelofs, D. Hankin, M. Schelste, & Jake (Stripper's son))
- fish^{ed} lower part of stream w/ bolos & w/ roe, managed to get 8 fish on way to lake
- @ late Merlin, Zack & Jake went back to boat - Merlin needed to catch plane back to Cordova & Zack & Jake beans eaten by bug & bad!
- I processed fish & Dave & Terry fished
- most fish taken w/in 50m of outlet, all on bolos in ~ 1-1.5 hrs.
- weather partly cloudy, no wind!

Site: Gunboat Lake system, Eshamy Bay

Target species: Cutthroat trout

Latitude Longitude: N 60° 28.621, W 147° 59.922

Date: 7/23/96

Collection: 21 cutthroat collected

Mean Size: 203

Note: Cutthroat collected in stream and outlet of first lake.

Walked to second, third and fourth lake. Caught cutthroat in all but fourth lake. Fourth Lake above steep waterfall barrier fished and trapped, no fish observed. Second and third lake have no barriers.

Cutthroat Trout sample July 1996
