					<input type="checkbox"/>

IMPORTANT: Provide all supporting documentation that this water body is important for the spawning, rearing or migration of anadromous fish, including: number of fish and life stages observed; sampling methods, sampling duration and area sampled; copies of field notes; etc. Attach a copy of a map showing location of mouth and observed upper extent of each species, as well as other information such as: specific stream reaches observed as spawning or rearing habitat; locations, types, and heights of any barriers; etc.

Comments: Captured 3 juvenile SH in the lower 3/4 mile of City Crk during a survey that included 4 trap locations that confirmed Cop, Dvp, CT in addition to these fish. Upstream extent of trapping and capture was approximately following Lat 56.796° Lon -132.904. This result follows reported catch of adult SH by previous DFG technician in this location several years ago. Note: the sampled location

Name of Observer (please print): DAVE FLEMING
 Signature: [Signature] Date: 9/28/2012
 Agency: AK Dept. of Fish and Game
 Address: 16 Siny Lee Allen
Petersburg, AK 99833-0667

This certifies that in my best professional judgment and belief the above information is evidence that this waterbody should be included in or deleted from the Anadromous Waters Catalog.
 Signature of Area Biologist: [Signature] Date: 9/28/2012 Revision _____
