TRIBUTARY 7 AND BEAVER POND**ADDITION****Water body name:****Survey date:** 7/13/2014**Water body number:****Species & Lifestage:****Watershed:** White River-Frontal Gulf of Alaska**MTR:** C022S022E **Quad:** Icy Bay D-2

Findings: We surveyed a tributary to stream 191-20-13800 using a GPS and handnet. We were able to capture rearing coho salmon and visually identify many more. This stream is the main channel of water leaving large beaver pond.

Recommendations: Add tributary and beaver pond to AWC.
