191-20-13800-2015 TRIBUTARY 1**ADDITION****Water body name:****Survey date:** 6/8/2014**Water body number:****Species & Lifestage:****Watershed:** White River-Frontal Gulf of Alaska**MTR:** C022S022E **Quad:** Icy Bay D-2

Findings: We surveyed a tributary to stream 191-20-13800-2015 using a GPS and handnet and a minnow trap. We were able to capture rearing coho salmon. The stream goes into a small pond that is fed by water seeping out of the ground.

Recommendations: Add stream to AWC and add rearing coho.
