Control by USGS and USC&GS

Topography by photogrammetric methods from aerial photographs taken 1948. Field annotated 1953. Map not field checked.

Selected hydrographic data compiled from USC&GS Charts 8301 (1:21 828 scale) 1956, 8271 (1929), and 8299 (1947). This information is not intended for navigational purposes.

Universal Transverse Mercator projection, 1927 North American datum. 10,000 foot grid based on Alaska coordinate system, zone 1. 1000-meter Universal Transverse Mercator grid ticks, zone 8, shown in blue.

Land lines represent unsurveyed and unmarked locations from computations by the State of Alaska, Division of Lands, Copper River Meridian.

Swamps, as portrayed, indicate only the wetter areas, usually of low relief, as interpreted from aerial photographs.

Entire quadrangle is within the Tongass National Forest.
