MESSAGE	REPLY
Attached is a new conversion form for this stream and a revised map —	
I understand your comments about the 3rd order stream We have no problems with your number.	
Thanks for your perseverance.	
Steelhead must have been included by mistake — I ~~can~~ can't find record of them.	

1. KEEP YELLOW COPY. 2. SEND WHITE AND PINK COPIES WITH CARBON INTACT. 1. WRITE REPLY. 2. DETACH STUB, KEEP PINK COPY. RETURN WHITE COPY TO SENDER.

MEMORANDUM (Brief Communications)

State of Alaska DMC 84-339

TO:	Name: Don Kelley	Dept./Div./Sect.: ~~Habitat R I~~, Petersburg	Mail Stop
FROM:	Name: Phyllis Weber AWB	Dept./Div./Sect.: Habitat R II, Anch.	Telephone
SUBJ.:	nomination for trib to 106-41-10100-2003	Date: 1-31-84	

I need some information clarified for this nomination. The survey sketch shows a small part of this stream used by coho and a 20m barrier falls at the upper point of the coho. The designation on the 1:63,360 scale map shows coho all the way to the fork. I've included a new copy of the 1:63,360 scale map. Could you please designate the upper point. Your map indicates both steelhead and coho, however the nomination form lists only coho. Do you want steelhead added? Also, we can't change the number. This is a 2nd order stream (2003) which flows into the first order stream 106-41-10100. It is not consistent with our numbering system to assign a 1st order number.

...in his signature.
