Wrangell

SUBJECT: Proposed changes for the 1986 Anadromous Maps

0885

In looking over the proposed changes in the Petersburg-Wrangell area (District 105-110), for the 1986 Anadromous Atlas Maps for Southeast I found an oversight. The extending Calder Creek # 105-42-10050, pink and chum salmon were not included in the revision. To the best of my knowledge both the pink and chum salmon upper limits are at the old upper limits for the creek.
