Comments: Provide any clarifying information, including number of fish observed, location of fish survey data, etc.

4 traps set 3 hrs. caught 16 CO, 1 DV. This creek drains a large beaver system. Water is slow moving with lots of cover. - Excellent rearing habitat.

Attach a copy of a map showing location of mouth and upper points of each species, specific stream reaches identified for spawning or rearing, locations of barriers, such as falls. Attach a copy of the fish survey data, if available.
