Comments: Provide any clarifying information, including number of fish observed, location of fish survey data, etc.

IRI survey in summer of 1985 determined a 10 meter ~~cascade~~ cascade/falls blocks fish passage. No fry were trapped above this barrier

Attach a copy of a map showing location of mouth and upper points of each species, specific stream reaches identified for spawning or rearing, locations of barriers, such as falls. Attach a copy of the fish survey data, if available.
