|             |                  |          |          |           |

Comments: Provide any clarifying information, including number of fish observed, location of fish survey data, etc.

About 200 rearing fry observed immediately upstream of tidal influence

Attach a copy of a map showing location of mouth and upper points of each species, specific stream reaches identified for spawning or rearing, locations of barriers, such as falls. Attach a copy of the fish survey data, if available.
