Richard Reed — Regional Supervisor — 9/12/88 Date

SPS — 11/9/88

~~EE~~ FI — Drafted — 10/19/88 Date

Species	Date(s) Observed	Spawning	Rearing	Migration
Coho	7-22-88		X	
Dolly Varden	7-22-88		X	

Comments: Provide any clarifying information, including number of fish observed, location of fish survey data, etc.

Juvenile coho and dolly varden fry were caught in minnow traps in this tributary to Craig R. Attached map shows location and trap results included.

Attach a copy of a map showing location of mouth and upper points of each species, specific stream reaches identified for spawning or rearing, locations of barriers, such as falls. Attach a copy of the fish survey data, if available.
