Comments: Provide any clarifying information, including number of fish observed, location of fish survey data, etc.

Excellent habitat. Area is being roaded  
for logging by Forest Service. Parts of drainage  
on nearby hillsides have already been intensively cut.

Attach a copy of a map showing location of mouth and upper points of each species, specific stream reaches identified for spawning or rearing, locations of barriers, such as falls. Attach a copy of the fish survey data, if available.
