Sportfish Division

Nomination Form
Fish Distribution Database

Region: SWT

USGS Quad(s): Chignik A-8

Fish Distribution Database Number of Waterway: 315-11-10200-2011

Name of Waterway: ☐ USGS Name ☐ Local Name

☑ Addition ☐ Deletion ☐ Correction ☐ Backup Information

For Office Use

Nomination #: 06-05C

Revision Year: 2007

Revision to: Atlas ____ Catalog ____ Both X

Revision Code: A-2

ADF&G Fisheries Scientist	10/19/06 Date
ADNR OHMP Operations Mgr.	10/19/06 Date
FDD Project Biologist	10/10/06 Date
Cartographer	10/31/06 Date

OBSERVATION INFORMATION

Species	Date(s) Observed	Spawning	Rearing	Present	Anadromous
Chinook salmon	1981-1994	X		X	☑
Chum salmon	1981-1994	X		X	☑
					☐
					☐
					☐

IMPORTANT: Provide all supporting documentation that this water body is important for the spawning, rearing or migration of anadromous fish, including: number of fish and life stages observed; sampling methods, sampling duration and area sampled; copies of field notes; etc. Attach a copy of a map showing location of mouth and observed upper extent of each species, as well as other information such as: specific stream reaches observed as spawning or rearing habitat; locations, types, and heights of any barriers; etc.

Comments: Add new stream 315-11-10200-2011 w/Chinook and chum salmon presence based on historical aerial survey data
