An aerial photograph of a forested area with a stream network overlaid. The streams are shown as purple lines, with a prominent blue line representing a larger waterway. A vertical white bar is positioned in the center of the image. A yellow callout box points to a specific location on the stream network. Various colored markers (green, blue, red star, and purple circles) are placed at different points along the streams. The terrain is a mix of dark green forest and lighter, rocky or cleared areas.
