Mr. Prokopowich:

Enclosed are some nominations for revision to the *Catalog of Waters Important to the Spawning, Rearing or Migration of Anadromous Fishes* in response to Edward Weiss's letter dated September 2, 1994 (copy enclosed). My nominations are based on work I conducted this summer from August 22 to September 26, along the coastal waters of the Alaska Peninsula from Wide Bay to Yantarni Bay. As the ADFG Area Biologist for that area, please evaluate nominations and sign off on the forms, if appropriate.

I realize I have missed the November 1 deadline stated in the letter. If it is too late for these nominations to be considered for the 1994 revision, please consider them for inclusion in the 1995 revision.

I appreciate your help on this matter. If you need any additional information, please write, or call me at 246-3442.

Sincerely,

Mary A. Faustini
Fishery Biologist
