Drafted Date

Species	Date(s) Observed	Spawning	Rearing	Migration
Coho	8/29/85		X	

Comments: Provide any clarifying information, including number of fish observed, location of fish survey data, etc.

Stream is clear, no obstructions to fish migration located downstream, coho salmon spawning observed approx 0.5 mi. downstream, juvenile coho salmon collected by electrofishing approx 0.5 mi. downstream

Attach a copy of a map showing location of mouth and upper points of each species, specific stream reaches identified for spawning or rearing, locations of barriers, such as falls. Attach a copy of the fish survey data, if available.
