Species	Date(s) Observed	Spawning	Rearing	Migration
Coho	8/22/86		✓	
~~King~~	~~8/22/86~~		~~✓~~	

Comments: Provide any clarifying information, including number of fish observed, location of fish survey data, etc.

Fish collected by electroshocking at a station below junction of 7021 and 6010. Upper ~~anadromous~~ limit designation was based on aerial observation from helicopter noting barriers to upstream ~~blockages~~ migration

Attach a copy of a map showing location of mouth and upper points of each species, specific stream reaches identified for spawning or rearing, locations of barriers, such as falls. Attach a copy of the fish survey data, if available.

Name of Observer (please print) Kim Sandberg, Laura Trusky

Date: 10/7/86 Signature: K. Sandberg

Address: ADF&G 333 Raspberry Rd.
Anchorage AK

Signature of Area Biologist: R. Kim Francisco
