

Eleven 1/2 Mile Creek

Stream: 115-32-10250-2032

Watershed: Takhin River

USGS Quadrangle: Skagway_B-2_SW

MTRS: Section 6, Township 30S, Range 58E

Date Surveyed: July, 2011

Findings: This stream's mouth and upper extent were found to differ from that illustrated in the AWC.

Recommendations: Update the stream mouth, and extend the upper limit as indicated in the following table and map.

Nomination form submitted: Yes.

Nomination Status:

Notes: This stream parallels the Haines Highway and meanders through skunk cabbage forests and grassy marsh land. Its upper extent is a spring-fed seep.

Table 1: Eleven 1/2 Mile Creek Survey Data

Waypoints	Latitude	Longitude	Notes	Survey Effort	Survey Results
20	59.300852	-135.70816	Start of "11.5 Mile" creek. It empties into the Chilkat River. Tracking upstream.		
21	59.302005	-135.70879	Visual identification of 1 Coho about 65mm.	Visual identification	1 Coho 65mm
22	59.304298	-135.71051	Netted 1 Coho about 65mm	Net	1 Coho 65mm
23	59.30444	-135.71072	Creek branches and goes creek right. Continuing up main stem.		
24	59.304657	-135.71051	End of the main stem, it just comes out of the ground at the base of hillside. Netted 1 Coho about 50mm.	Net	1 Coho 50mm
