

STATE OF ALASKA  
DEPARTMENT OF FISH AND GAME  
P.O. BOX 115525  
JUNEAU, ALASKA 99811-5525

Permit #: SF2008-030

Expires: 12/31/2008

Report Due: 1/31/2009

FISH RESOURCE PERMIT  
(For Scientific/Educational Purposes)

This permit authorizes Phil Collins (whose signature is required on page 2 for permit validation)  
person  
of the Prince William Sound Science Center at Box 705, Cordova, Alaska 99574  
agency or organization address

to conduct the following activities from July 15, 2008 to December 31, 2008 in accordance with AS 16.05.930:

**Purpose:** To operate a weir supporting the continued collection of a long time series of sockeye salmon weir counts and run timing information.

**Location:** Outlet stream of Long Lake, Lakina River drainage which is part of the Chitina River drainage.

**Species Collected:** All species

**Method of Capture:** Rigid picket weir live box, dip nets

**Final Disposition:** All species of fish stopped by the weir must be identified and immediately released  
≤1350 sockeye salmon may be measured, have a scale sample taken and be immediately released.  
≤500 sockeye salmon carcasses may have otoliths removed with the carcasses being immediately returned to the water where they were collected.

-Continued on Back-

**REPORT DUE January 31, 2009.** The report shall include species, numbers, dates, and locations of collection (datum/GPS coordinates in the decimal degrees format (dd.ddddd)) and disposition, and if applicable, sex, age, and breeding condition, and lengths and weights of fish. It must also include the date/time the local biologist was contacted for final authorization to carry out collecting activities. A completion report (abstract, background, methods, data analysis), if not submitted with the collection report described above, must be submitted by: June 2009. Data from such reports are considered public information. The report shall also include other information as may be required under the permit stipulations section.

**GENERAL CONDITIONS, EXCEPTIONS AND RESTRICTIONS**

1. This permit must be carried by person(s) specified during approved activities who shall show it on request to persons authorized to enforce Alaska's fish and game laws. This permit is nontransferable and will be revoked or renewal denied by the Commissioner of Fish and Game if the permittee violates any of its conditions, exceptions or restrictions. No redelegation of authority may be allowed under this permit unless specifically noted.
2. No specimens taken under authority hereof may be sold or bartered. All specimens must be deposited in a public museum or a public scientific or educational institution unless otherwise stated herein. Subpermittees shall not retain possession of live animals or other specimens.
3. The permittee shall keep records of all activities conducted under authority of this permit, available for inspection at all reasonable hours upon request of any authorized state enforcement officer.
4. Permits will not be renewed until the department has received detailed reports, as specified above.
5. UNLESS SPECIFICALLY STATED HEREIN, THIS PERMIT DOES NOT AUTHORIZE the exportation of specimens or the taking of specimens in areas otherwise closed to hunting and fishing; without appropriate licenses required by state regulations; during closed seasons; or in any manner, by any means, at any time not permitted by those regulations.

Date

## **SF2008-030 continued (page 2 of 2)**

**Authorized Personnel:** The following persons may perform collecting activities under terms of this permit:

**Phil Collins, Aaron Lang, Robin Lohse, Molly McCormick, Dave Sarafin, Eric Veach**

*Employees and volunteers under the direct supervision of, and in the presence of, one of the authorized personnel listed above may participate in collecting activities under terms of this permit.*

### **Permit Stipulations:**

- 1) The local Area Management Biologist, **Mark Somerville** (822-3309; [mark.somerville@alaska.gov](mailto:mark.somerville@alaska.gov)), Upper Copper & Susitna Rivers, must be notified 24 hours prior to you engaging in any collecting activities. This biologist has the right to specify methods for collecting, as well as limiting the collections of any species by number, time and location.
- 2) All sampling tools (punches, clippers etc) that are inserted into or cut fish be placed in an iodophor bath with a 1:100 concentration between fish
- 3) **Atlantic salmon** and other **non-native invasive aquatic species** that you encounter during your sampling should be killed. In such an event please contact the nearest ADF&G office (**see Stipulation # 1**) ASAP with species identification or description, capture location or location of sighting if capture is not possible, number captured, size, and sex. Preserve and turn in the whole specimen to the nearest ADF&G office.
- 4) *A Title 41 Permit is required from Alaska Department of Natural Resources, Office of Habitat Management and Permitting, to place structures (weir, etc.) in streams.*
- 5) *A copy of this permit, including any amendments, must be made available at all field collection sites and project sites for inspection upon request by a representative of the department or a law enforcement officer.*
- 6) Issuance of this permit does not absolve the permittee from compliance in full with any and all other applicable federal, state, or local laws, regulations, or ordinances.
- 7) A **report of collecting activities**, referenced to this fish resource permit number, must be submitted to the Alaska Department of Fish and Game, Division of Sport Fish HQ, P.O. Box 115525, Juneau, AK 99811-5525, Attention: Bob Piorkowski (465-6109; [Robert.Piorkowski@alaska.gov](mailto:Robert.Piorkowski@alaska.gov)), within 30 days after the expiration of this permit. This report must summarize the number of fish captured by date, by location (provide GPS coordinates and datum or a map), and by species, and the fate of those fish. Fish length, weight, sex, and age data should be included if collected. A completion report (abstract/background/methods/data/analysis), if not submitted with the collection report described above, must be submitted to the department within six months of the expiration of the permit. Data from such reports are considered public information. A report is required whether or not collecting activities were undertaken. A report should also be sent to the Biologist(s) listed under **Stipulation #1**.

**PERMIT VALIDATION requires permittee's signature agreeing to abide by permit conditions before beginning collecting activities:**
