FISH RESOURCE PERMIT AMENDMENT #2

Permit No. SF2008-133

Permit Issued To: **Mark Wipfli** *(signature required below for permit validation)*

**This amendment of Fish Resource Permit SF2008-133:**

1) under Method of Capture, adds the following:

**Backpack electrofisher**

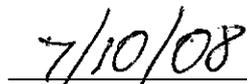

2) under Stipulations, adds the following:

11) **Electroshocking is currently discouraged, but not prohibited by the department. Electroshockers may not be used in anadromous waters in the presence of adult salmonids, adult trout or adult char. In areas where other means of capture are not feasible, only one pass is allowed. Operators of electroshockers must have formal training.**

All other conditions specified in Fish Resource Permit SF2008-133 remain in effect.

***This amendment must be attached to the original permit.***
