FISH RESOURCE PERMIT AMENDMENT #1

Permit No. SF2008-163

Permit Issued To: Betsy McGregor (signature required below for permit validation)

This amendment of Fish Resource Permit SF2008-163:

1) under Stipulation #7: edits the following:

"No more than three FOUR passes with the electrofisher are allowed at a site."

1) under Final Disposition: adds the following:

For mark-recapture work, permittee may employ caudal marking, dye immersion and paint marking of young fish.

For geofluvial work, up to 27 redds may be disturbed to characterize the spawning gravels being used.

For tissue sampling, the following numbers of adults may be collected from each of the following locations:

≤40 pike (less than 30") from the Frying Pan, Big Wiggly, Black,#2 Lakes

≤30 grayling & ≤30 whitefish from the SF/NF Koktuli Rivers, Upper Talarik CK.

1) under Authorized Personnel: edits the following:

Deletes Matt Reiser and Mike Gagner

Adds John Mahan, Jodi Nasse and Debra Kucipeck

All other conditions specified in Fish Resource Permit SF2008-163 remain in effect.

This amendment must be attached to the original permit.

Bob Piotrowski
Division of Sport Fish
