

STATE OF ALASKA  
DEPARTMENT OF FISH AND GAME  
P.O. BOX 115525  
JUNEAU, ALASKA 99811-5525

Permit #: SF20010-007

Expires: 12/31/2010

Collections Report/Samples Due: 1/31/2011

FISH RESOURCE PERMIT  
(For Scientific/Educational Purposes)

This permit authorizes Keith van der Broek (whose signature is required on page 2 for permit validation)

person

of Native Village of Eyak  
agency or organization

at

Box 1388, Cordova, AK 99574  
address

to conduct the following activities from May 1, 2010 to December 31, 2010 in accordance with AS 16.05.930:

**Purpose:** To estimate the annual in-river abundance of King salmon returning to the Copper River

**Location:** Copper River at: Baird Canyon and Canyon Creek

**Species Collected:** King salmon

**Method of Capture:** Fishwheels, dipnets.

**Department Sample Request:** The Department request samples suitable for genetic analysis from 200 King salmon captured at the Canyon Creek location under this permit (See **Stipulation #4** for sampling details).

**Final Disposition:** Any species and number of fish may be captured by the fish wheels and released unharmed. A subsample of the total catch may be measured for length and released unharmed. ≤5K King salmon may collected, measured, TBA PIT tagged, operculum punched and released alive at the capture site.

-Continued on Back-

**REPORT DUE December 31, 2010.** The report shall include species, numbers, dates, and locations of collection (datum/GPS coordinates in the decimal degrees format (dd.ddddd)) and disposition, and if applicable, sex, age, and breeding condition, and lengths and weights of fish. *It must also include the date/time the local biologist was contacted for final authorization to carry out collecting activities.* A completion report (abstract, background, methods, data, analysis), if not submitted with the collection report described above, must be submitted to the department by: June/2011. Data from such reports are considered public information. The report shall also include other information as may be required under the permit stipulations section.

**GENERAL CONDITIONS, EXCEPTIONS AND RESTRICTIONS**

1. This permit must be carried by person(s) specified during approved activities who shall show it on request to persons authorized to enforce Alaska's fish and game laws. This permit is nontransferable and will be revoked or renewal denied by the Commissioner of Fish and Game if the permittee violates any of its conditions, exceptions or restrictions. No redelegation of authority may be allowed under this permit unless specifically noted.
2. No specimens taken under authority hereof may be sold or bartered. All specimens must be deposited in a public museum or a public scientific or educational institution unless otherwise stated herein. Subpermittees shall not retain possession of live animals or other specimens.
3. The permittee shall keep records of all activities conducted under authority of this permit, available for inspection at all reasonable hours upon request of any authorized state enforcement officer.
4. Permits will not be renewed until the department has received detailed reports, as specified above.
5. UNLESS SPECIFICALLY STATED HEREIN, THIS PERMIT DOES NOT AUTHORIZE the exportation of specimens or the taking of specimens in areas otherwise closed to hunting and fishing; without appropriate licenses required by state regulations; during closed seasons; or in any manner, by any means, at any time not permitted by those regulations.

for Director  
Division of Sport Fish

12-30-09  
Date

**SF2010-007 continued (page 2 of 2)**

**Authorized Personnel:** The following persons may perform collecting activities under terms of this permit:

**Keith van den Broek, Autumn Bryson, Bruce Cain, Tom Haluska, Michael Link, Jason Smith, Guy Wade**

*Employees and volunteers under the direct supervision of, and in the presence of, one of the authorized personnel listed above may participate in collecting activities under terms of this permit.*

**Permit Stipulations:**

- 1) The local Area Management Biologist (AMB), **Sam Hochhalter** (424-3213; [sam.hochhalter@alaska.gov](mailto:sam.hochhalter@alaska.gov)) Cordova; **Mark A. Somerville** (822-3309; [mark.somerville@alaska.gov](mailto:mark.somerville@alaska.gov)) Upper Copper/Upper Susitna R., must be contacted for final authorization prior to you engaging in any collecting activities. The time/date of this contact must be included in your collections report (using the "data submission form" furnished by ADF&G). These AMB have the right to specify methods for collecting, as well as limiting the collections by species/number/time/location.
- 2) All sampling tools (punches, clippers etc) that are inserted into or cut fish be placed in an iodophor bath with a 1:100 concentration between fish.
- 3) Each piece of unattended sampling gear must be; 1) labeled with the permittee's name, telephone number, and permit number, 2) securely tied to substrate, 3) located with GPS coordinates, and 4) accounted for/ removed at the conclusion of sampling.
- 4) You must contact Judy Berger (907-267-2175, [judy.berger@alaska.gov](mailto:judy.berger@alaska.gov)) to obtain sampling instructions and sampling supplies prior to the start of the sampling period. She requests one-week notice prior to field deployment for scheduling time to assemble sampling supplies. Samples are required to be delivered to the Department by the sample due date listed in the heading of this permit.
- 5) If anadromous fish new to permitted streams and rivers are found, the permit holder will work closely with ADF&G to see that information is included in the database for the *Catalog of Waters Important for Spawning, Rearing or Migration of Anadromous Fishes*. Anadromous fish include *Oncorhynchus spp.*, Arctic char, Dolly Varden, sheefish, smelts, lamprey, whitefish, and sturgeon. Please direct questions to J. Johnson, 267-2337 or [j.johnson@alaska.gov](mailto:j.johnson@alaska.gov)
- 6) **Atlantic salmon** and other **non-native aquatic species** encountered should be killed. The nearest AMB (**see Stipulation #1**) must be contacted immediately with species identification or description, capture or sighting location, number captured, size, and sex. Preserve/turn in the whole specimen to the nearest ADF&G office.
- 7) *A Title 16 Permit is required from the Division of Habitat, to place structures (weir, fish wheels, etc.) in streams.*
- 8) *A copy of this permit, including any amendments, must be made available at all field collection sites and project sites for inspection upon request by a representative of the department or a law enforcement officer.*
- 9) Issuance of this permit does not absolve the permittee from compliance in full with any and all other applicable federal, state, or local laws, regulations, or ordinances.
- 10) **A report of collecting activities**, referenced to this fish resource permit number, must be submitted to the Alaska Department of Fish and Game, Division of Sport Fish HQ, P.O. Box 115525, Juneau, AK 99811-5525, Attention: Bob Piorkowski (465-6109; [Robert.Piorkowski@alaska.gov](mailto:Robert.Piorkowski@alaska.gov)), and to the Biologist(s) listed under **Stipulation #1** within 30 days after the expiration of this permit. This report must summarize the number of fish captured by date, by location (provide GPS coordinates and datum), and by species, and the fate of those fish. Fish length, weight, sex, and age data should be included if collected. A completion report (abstract/background/methods /data/analysis), if not submitted with the collection report described above, must be submitted to the department within six months of the expiration of the permit. Data from such reports are considered public information. A report is required whether or not collecting activities were undertaken.

**PERMIT VALIDATION** requires permittee's signature agreeing to abide by permit conditions before beginning collecting activities:
