LOCATION: South side Ray Anchorage,
Duke Island.

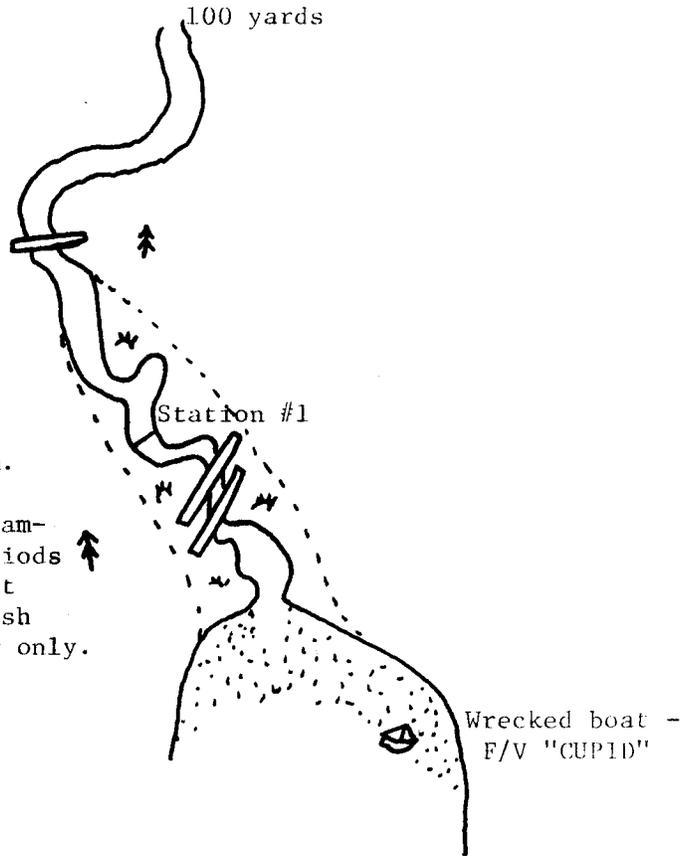

LATITUDE: 54° 55' 22" Prince Rupert D-4

LONGITUDE: 131° 14' 04"

DATERSHED: Length .6 miles, area .3 sq.
miles, lake runoff.

SPAWNING
AREA: 50 m²
Gentle slopes

Cupid Creek
101-23-41
10-31-75
R.Larson

Normally a very small stream.
No signs of adults or fry.
Grass is growing in the stream-
bed indicating prolonged periods
of very low water levels. It
could provide passage for fish
during periods of high water only.
