Mr. Richard Brown
Skagway Light and Power Company
Skagway, Alaska

Dear Dick:

Please find enclosed a copy of a letter to Dr. Samman from Dr. Lesh on the Dewey Lakes.

Comment number (2) seems to offer the most promise as far as fishery development is concerned. As I stated in our telephone conversation, we will be ready to go as soon as we receive the necessary clearance from the Department of Health.

I hope to be able to break away from this desk fairly soon. Perhaps at that time we'll be able to check out Lost Lake together.

Until then, keep up the good work.

Sincerely yours,

ALASKA DEPARTMENT OF
FISH AND GAME
