Mr. F. D. Calkins, President
Skagway Chamber of Commerce
SKAGWAY, Alaska

Dear Mr. Calkins:

In response to your letter of July 30 relative to trout I wish to advise that Biologist Robert Baade is scheduled to make sport-fish surveys in the Skagway-Haines area this week. Mr. Baade is presently participating in the search for our missing Petersburg agent, Hosea R. Sarber, and as a result his Skagway trip has been somewhat delayed. Mr. Baade will, I am sure, call on you in the very near future.

Your offer of cooperation is very much appreciated.

Very truly yours,

W. A. Elkins
Wildlife Management Supervisor

cc: Baade, Ketchikan

Dear Sirs:

We understand that you have cut throat trout available for restocking. Please consider restocking UPPER and LOWER DEWEY Lakes, IQY, GOAT and BLACK LAKES and BURROW CREEK, Taiya. Also Skagway River.

Please refer this to proper agency or department.

We are very anxious to keep our Lakes well stocked. We will cooperate in anyway to carry thru this project.

Very truly yours

Skagway Chamber of Commerce

F D Calkins
