SUBJECT: Swan Lake

Glad to hear that Swan Lake has reached a conclusion. I have ordered the rotenone with enough excess to do Hart or Thimbelberry if you so desire. Several things have arisen however:

1. Delivery date will not permit doing the job in August; if we're lucky, it will be September.
2. Past experiences I have had indicate it takes longer than one month for detoxification, therefore I do not recommend restocking until next spring. (Also, Joe couldn't hold 5,000 rainbow that long due to silver salmon commitments.)
3. Weed control should be undertaken in the spring. I'll order the 2,4-D for next May.
4. Cheers.

Roger
