

MEMORANDUM

State of Alaska

ALASKA DEPARTMENT OF FISH & GAME

TO: Roger Wadman
Region Supervisor
Sport Fish Division
Juneau

FILE NO:

DATE : August 7, 1968

FROM: Larry J. Heckart
Fishery Biologist
Sport Fish Division
Sitka

SUBJECT: SWAN LAKE

Sitka Sportsman's Association, City of Sitka and associated organizations held their second meeting concerning Swan Lake last night. Everything appears to be ready to go. There will be some physical weed removal on a portion of the shoreline, some riprap of shore line, etc. I have indicated that we will complete the rehabilitation and subsequent re-stocking. The one un-answered question remaining is that of private land ownership of lakeshore and adjacent to the inlet stream. Is it necessary to have the consent of each and every land owner involved or the majority land owner consent, or what?

There are numerous individuals involved. Would you check this out and let me know the status of this as it will definitely effect us during the rehabilitation.
