Lake Survey Form

Lake Tyee Sec. \_\_\_\_\_, Twp. \_\_\_\_\_, Rge. \_\_\_\_\_, Lat 56° 15' N., Long. 131° 30' W.  
 Acreage est 1,100 Max. Depth est over 200 ft. Altitude 1370 ft.  
 Location Base of Cleveland Peninsula Water Color (clear, silty) Clear  
 Type of Bottom Slide rock and gravel with fines in the depths  
 Inlets (name, size, permanency) One major stream at the head of the lake 50-400 ft.<sup>3</sup>/sec  
 Benchmark (Description) None  
 Outlet (size, immediate and main drainage) 75-900 ft.<sup>3</sup>/sec est into the bradfield Flats  
 Barriers Many high falls between the lake and the flats  
 Use (Private, public, semiprivate) Public  
 Public Access Site None  
 Facilities (Campground, roadhouse, etc.) None  
 Native Fish Species None in 6 net days of fishing  
 Introduced Species None  
 Spawning Grounds Plentiful in the major inlet and one other small stream at the head of the lake.  
 Fishing History No fishery  
 Other Uses Prospecting and goat hunting  
 Fish Losses None  
 Character and size of watershed Alpine and approx 30 sq. miles of drainage area  
 Remarks This lake holds great promise for a good fishery preferably with arctic greyling as there seemed an abundance of insect larvae and other food in the shallows.
