## **Dutch Harbor Subdistrict State-Waters Pacific Cod Pot Gear Season Opening and Closure of the Parallel Season Emergency Order # 4-GF-02-19**

National Marine Fisheries Service announced closure of the initial federal Bering Sea and Aleutian Islands Pacific cod season for catcher vessels less than 60 feet in overall length (OAL) using hook-and-line or pot gear effective January 12, 2019 at 12:00 noon. The Dutch Harbor Subdistrict (DHS) state-waters Pacific cod season will open for vessels 58 feet or less OAL using groundfish pot gear at 12:00 noon January 19, 2019, with a pot limit of 60 pots. When the state-waters Pacific cod season is open, state waters are closed to vessels fishing in parallel Pacific cod pot fisheries (including CDQ) that are 58 feet and less in OAL. The DHS state-waters Pacific cod season is closed south of 53° 06.11' N lat.

Steller sea lion protection measures will be in effect during the state-waters season and are shown on the map below. Closures are listed in Tables 5 and 12 to 50 CFR part 679 posted on the NMFS web site at: <https://alaskafisheries.noaa.gov/fisheries-679regs>.

**Fishermen must obtain an exclusive Dutch Harbor Subdistrict state-waters Pacific cod vessel registration and buoy tags prior to participating.** Buoy tags are available for purchase through Alaska Department of Fish and Game (ADF&G) offices in Dutch Harbor and Kodiak and through ADF&G personnel at Trident Seafoods in Akutan and Peter Pan Seafoods in King Cove. Open and unbaited groundfish pots may be stored on the fishing grounds in waters greater than 25 fathoms for seven days prior to the start of the state-waters season.

Reporting requirements will be provided at the time of registration. Fishermen transitioning between a federal or parallel Pacific cod fishery and a state-waters Pacific cod fishery must deliver all unprocessed Pacific cod on board prior to participating in or exiting the Dutch Harbor state-waters Pacific cod season.
