Set gillnet: Waters of the Southern District identified in 5AAC 21.330(b)(1) remain open to commercial set gillnet harvest on a regular schedule of two 48-hour fishing periods per week beginning at 6:00 AM on Mondays and Thursdays as defined in 5AAC 21.320(a)(3).

Through Monday, July 1 a total of 7,660 sockeye salmon have been counted at the English Bay River weir. This is within the final SEG range for this system of 6,000 – 13,500 fish. In recent years just over half, (52.8%) of the final escapement has been counted by July 1.

**EASTERN DISTRICT:** The Resurrection Bay Subdistrict will be closed to commercial common property purse seine harvest from July 4-7. Following this, Resurrection Bay will open to commercial common property purse seine salmon harvest on a schedule of Monday through Friday 6:00 AM to 10:00 PM fishing periods until further notice.

**OUTER DISTRICT:** Portions of the Outer District are anticipated to open to commercial purse seine harvest on Monday, July 15.

The next scheduled commercial salmon fisheries announcement is anticipated to be on Friday, July 5. Announcement recordings are available on the 24-hour telephone recording in the Homer office at 907/235-7307. Additionally, announcements, inseason harvest data, and escapement data are available at the following web address: [http://www.adfg.alaska.gov/index.cfm?adfg=commercialbyarealci.salmon](http://www.adfg.alaska.gov/index.cfm?adfg=commercialbyarealci.salmon)
