Cold Bay Subsistence Salmon Fishery Advisory Announcement #02 **For Emergency Order #4-FS-M-CB-03-20**

Subsistence fishing for salmon will be allowed in the waters of Reese Bay, to the McLees Lake stream outlet terminus with the ocean shoreline, from 12:00 p.m. Friday, September 18, 2020 until further notice.

The Alaska Department of Fish and Game, under the direction of the Alaska Board of Fisheries, manages sport, commercial, personal use, and state subsistence harvest on all lands and waters throughout Alaska. However, Title VIII of ANILCA provides a subsistence priority for federally qualified rural residents.

Subsistence fishers are reminded that they should consult both State of Alaska fishing regulations and the Federal Subsistence Management regulations prior to subsistence fishing.

Subsistence fishermen must obtain a permit and have it in their possession while harvesting salmon under subsistence guidelines.

Information regarding salmon fishery announcements may be obtained from ADF&G in Kodiak at 907-486-1882.
