SOUTHEAST ALASKA COMMERCIAL SHRIMP BEAM TRAWL FISHERY

The guideline harvest levels (GHLs) for the second fishing period (July 1–August 30) are 400,000 lb in District 6 and 250,000 lb in District 8, in accordance with the preseason GHL advisory announcement.

There has been no reported harvest for the first fishing period in District 6. Therefore, a total of 400,000 lb (the upper end of the GHR) are available for harvest in District 6 in the second fishing period.

Estimated harvest for the first fishing period (May 1–June 30) in District 8 was 28,000 lb. This harvest was 222,000 lb below the 250,000 lb GHL. This rollover poundage will bring the second period GHL to the upper end of the guideline harvest range (GHR) at 250,000 lb. Spot shrimp bycatch harvest to date in District 8 is 627 lb. The total for coonstripe shrimp bycatch harvest to date in District 8 is confidential.

Under Alaska's Health Advisories 1, 2, 3, and 4, commercial fishing is an Essential Business and is part of Alaska's Essential Services and Critical Infrastructure. Commercial fishermen should ensure that all travel and other activities in support of commercial fishing operations follow protocols in Alaska COVID-19 Health Advisories. COVID-19 Health Advisories may be found here: <https://covid19.alaska.gov/health-advisories/>.
