**SOUTHEAST ALASKA SHRIMP BEAM TRAWL FISHERY**

The GHF for the fourth commercial beam trawl shrimp fishing period beginning November 1, 2021, is 250,000 lb in District 8, in accordance with the preseason GHF news release.

Preliminary harvest for the third fishing period in District 8 was 8,000 lb. This harvest was 242,000 lb below the 250,000 lb GHF. This rollover poundage will bring the fourth fishing period GHF to the upper end of the guideline harvest range (GHR) at 250,000 lb. Spot shrimp bycatch harvest to date in District 8 is 1,554 lb. The total for coonstripe shrimp bycatch harvest to date in District 8 is 182 lb.

There has been some reported harvest for the third fishing period in District 6 as of this publication, but with fewer than three permits fished the harvest data for the third fishing period in District 6 is confidential.

Under Alaska's Health Advisories 1, 2, 3, and 4, commercial fishing is an Essential Business and is part of Alaska's Essential Services and Critical Infrastructure. Commercial fishermen should ensure that all travel and other activities in support of commercial fishing operations follow protocols in Alaska COVID-19 Health Advisories. COVID-19 Health Advisories may be found here: <https://covid19.alaska.gov/health-advisories/>.
