As a reminder, unless otherwise specified in regulation or by emergency order, commercial fishing for salmon is prohibited at all times within 500 yards of the fresh water of a salmon stream and over the beds or channels of streams and rivers at all stages of the tide. Fresh water is considered separated from salt water, at the mouth of streams and rivers, by a line drawn between the seaward extremities of the exposed tideland banks at the present stage of the tide.

EASTERN DISTRICT: Resurrection Bay north of Caines Head remains open to commercial common property purse seine harvest on a schedule of Monday through Friday 16-hour fishing periods beginning at 6:00 AM on those days. Commercial purse seine salmon fishing is permitted up to the freshwater of Bear Creek using the definition of fresh water located in 5AAC 39.975(a)(26).

SOUTHERN DISTRICT: Set gillnet: Waters of the Southern District identified in 5AAC 21.330(b)(1) remain open to commercial set gillnet harvest on a regular schedule of two 48-hour fishing periods per week beginning at 6:00 AM on Mondays and Thursdays as defined in 5AAC 21.320(a)(3). Harvest to date from this fishery is shown in Table 1.
