Sand Point Commercial Salmon Fishery Update #02
South Unimak and Shumagin Islands June Chum Salmon Test Fishery

This is an update for the test fishery that was conducted on June 9, 2023. Three vessels conducted the test fishery at Cape Lutke, Cape Lazaref, and near Popof Island in the Shumagin Islands. The final test fish day will occur on June 10. We will update this information as it becomes available.

Table 1.– 2023 June Test Fishery for chum salmon abundance in the South Alaska Peninsula of Area M. Number of fish by species, date, and location.

Location	Date	Chinook Number	Sockeye Number	Coho Number	Pink Number	Chum Number	Total
Cape Lutke	6/8/2023	0	101	0	98	62	261
	6/9/2023	0	235	0	126	70	431
