UPPER COOK INLET COMMERCIAL FISHING ANNOUNCEMENT No. 53 **EMERGENCY ORDER NUMBER 2-F-H-56-24**

Upper Cook Inlet Commercial Fishing Announcement No. 53 reduces set gillnet commercial salmon fishing time in the Northern District. Commercial set gillnet fishing will be allowed in the Northern District from 7:00 a.m. to 1:00 p.m. on Thursday, August 8, 2024.

Coho salmon projections of escapement for Northern Cook Inlet streams indicate that escapement goals may not be met. The above restriction is warranted to help increase coho salmon escapements into Northern Cook Inlet streams.

General information for all UCI commercial fisheries and specifics about harvest levels, required permits, reporting requirements, or the registration processes, can be obtained by calling the Soldotna ADF&G staff at 907-262-9368, and also found at the ADF&G UCI commercial fisheries web site. <https://www.adfg.alaska.gov/index.cfm?adfg=commercialbyareauci.main>
