Fishermen, tenders, and processors are reminded that fish harvested during a state common property opening must be accurately documented on an ADF&G fish ticket, including area, species, number and pounds of fish, and the completed fish ticket submitted to the ADF&G, before leaving the regulatory area or state waters. Likewise, fish harvested outside of the state or regulatory area, which then enter state waters, must accurately be documented on a fish ticket before participating in a state common property opening. To comply, this requires any harvested fish be offloaded at a fish processing plant or tender with state certified scales. For additional information contact the Ketchikan ADF&G office.
