BURNETT INLET TERMINAL HARVEST AREA TROLL FISHERY

The **Burnett Inlet Terminal Harvest Area (THA)** commercial salmon troll fishery will open for the harvest of chum, coho, sockeye, and pink salmon **from 12:01 a.m., Monday, July 7, 2025**, until closed by emergency order to allow for broodstock collection. The THA will not open to common property commercial net gear during the 2025 season.

The Burnett Inlet THA (**statistical area 106-25**) consists of the waters of Burnett Inlet north of 56°04.65' N lat. The Southern Southeast Regional Aquaculture Association is forecasting a return of approximately 693,000 hatchery-produced summer chum salmon and 23,800 hatchery-produced fall chum salmon to the Burnett Inlet THA. Trollers are advised that cost-recovery operations may be conducted at times within the THA.

Statistical area 106-25 should be recorded on fish tickets for harvest within the Burnett Inlet THA.

Chinook Salmon Landing Restrictions for Burnett Inlet THA: Chinook salmon retention is permitted only during general summer troll Chinook salmon retention periods established under 5 AAC 29.100.

The Emergency Order corresponding to this announcement is EO 1E1625.
