**BERING SEA SNOW CRAB
SEASON OPENS OCTOBER 15
TOTAL ALLOWABLE CATCH ANNOUNCED**

Alaska Department of Fish and Game (ADF&G) and National Marine Fisheries Service (NMFS) have completed analysis of 2014 NMFS trawl survey results for Bering Sea snow crab. The 2014/15 total allowable catch (TAC) is based on area-swept survey abundance estimates. The 2014/15 Bering Sea snow crab fishery will open in Bering Sea District waters west of 166° W longitude at 12:00 noon October 15, 2014 and remain open through May 15, 2015 in the Eastern Subdistrict and through May 31, 2015 in the Western Subdistrict.

The TAC for 2014/15 Bering Sea District snow crab fishery is 67.950 million pounds and is apportioned as follows:

Individual Fishing Quota (IFQ)	61,155,000 pounds
Community Development Quota (CDQ)	6,795,000 pounds
Total	67,950,000 pounds

Tanner crab IFQ or CDQ may be retained up to five percent of the weight of snow crab onboard a vessel registered for the Bering Sea snow crab fishery. In the directed Tanner crab fishery west of 166° W long, snow crab IFQ or CDQ may be retained up to five percent of the weight of Tanner crab onboard a vessel registered for the Bering Sea Tanner crab fishery.

To protect the Pribilof blue king crab stock, the Bering Sea snow crab fishery will not open in waters enclosed by connecting the following coordinates: 56°30' N lat, 170° W long; 57° N lat, 171° W long; 58° N lat, 171° W long; 58° N lat, 168° W long; 58°30' N lat, 168° W long; 58°30' N lat, 167° W long; 57°30' N lat, 167° W long; 57°30' N lat, 168° W long; 57° N lat, 168° W long; 56°30' N lat, 169° W long; 56°30' N lat, 170° W long. The associated closed ADF&G statistical areas are: 675800, 675730, 685730, 695730, 705730, 705701, 705703, 695701, 695700, 685700, 695631, 695632, the northeast half of 705630, and the northwest half of 685630. A map of closed areas will be provided at the time of registration.

A valid United States Coast Guard (USCG) Commercial Fisheries Vessel Safety Decal is required before a vessel registration may be issued. Vessels must also have an activated vessel monitoring system (VMS) approved by NMFS. The operator of a vessel participating in IFQ or CDQ crab fisheries must notify the USCG at least 24 hours prior to departing port when carrying crab pot gear. USCG can be contacted at: (907) 581-3466 or (907) 359-1575 (after hours).

At the time of vessel registration, all pots onboard the vessel and in wet storage must be in compliance with current Bering Sea District snow crab fishing regulations. There is no pot limit or buoy tag requirement for the Bering Sea snow crab fishery; vessel operators may register up to 20 groundfish pots. Vessel operators may register gear operation cooperatives. A vessel operator may transport crab pot gear to the fishing grounds for another vessel operator; however, the registered vessel operator of the crab pot gear has seven days to be active in the registration area where the gear is deployed. A vessel operator may make a one-time transfer of all pot gear to another vessel operator at the completion of fishing operations.

Preseason gear inspections will be available beginning Thursday, October 9, 2014 in Dutch Harbor, Saturday, October 11 in King Cove, and Sunday, October 12 in Akutan. Vessel registration will begin at noon on Monday, October 13, 2014. An individual holding a current Commercial Fisheries Entry Commission (CFEC) Bering Sea Tanner crab interim use permit card (T91Q or T09Q) must be present during registration. Vessel operators may participate concurrently in IFQ and CDQ fisheries, but a separate registration and CFEC permit card are required for each fishery.

Vessel operators must notify ADF&G within 72 hours of completing fishing operations in a registration area or when departing the registration area with gear in long-term storage or transferred to another vessel. Unbaited gear with doors open may be stored for up to 14 days outside of designated storage areas after fishing is completed. Pots must be removed from the water or placed in long-term storage if left unattended in a registration area for more than 14 days. A vessel operator's registration will be invalidated after 14 days of inactivity in a registration area.

For questions regarding issuance of quota share and IFQ/IPQ, contact NOAA Fisheries RAM Division at 1-800-304-4846 (option #2). For questions regarding federal Crab Rationalization Program regulations, contact NOAA Fisheries Sustainable Fisheries Division at (907) 586-7228 or the NOAA Office of Law Enforcement in Kodiak at (907) 486-3298 or Dutch Harbor at (907) 581-2061.

For further information contact ADF&G Dutch Harbor at (907) 581-1239, or ADF&G Kodiak at (907) 486-1840.
