However, if the federal/parallel jig gear sector has not closed by March 15, 2017 the Alaska Department of Fish and Game (ADF&G) may close the parallel (0–3 nmi) jig gear sector A season and open the

Kodiak Area state-waters Pacific cod jig gear season based on assessment of federal jig effort, harvest rates, and remaining quota.

Vessels of any size may participate in the Kodiak Area state-waters Pacific cod season. Pot gear vessels greater than 58 feet in overall length are limited to harvesting no more than 25 percent of the total guideline harvest level or 3.0 million pounds of Pacific cod.

Chignik Area: The Chignik Area state-waters Pacific cod pot gear season will open at 12:01 a.m. March 1, 2017 or seven days after closure of the CGOA federal/parallel Pacific cod pot gear sector A season, whichever is later. Vessels participating in the Chignik state-waters Pacific cod season may not exceed 58 feet in overall length.

South Alaska Peninsula Area: The South Alaska Peninsula Area state-waters Pacific cod pot gear season will open at noon March 7, 2017 or seven days after closure of the Western Gulf of Alaska (WGOA) federal/parallel Pacific cod pot gear sector A season, whichever is later. The South Alaska Peninsula Area state-waters jig gear season will open 48 hours after the WGOA federal/parallel jig gear sector A season closes. However, if the federal/parallel jig sector has not closed by March 15, 2017 ADF&G may close the parallel (0–3 nmi) jig gear sector A season and open the South Alaska Peninsula Area state-waters Pacific cod jig gear season based on assessment of federal jig effort, harvest rates, and remaining quota. The season opening date for both gear types may be delayed due to weather based on criteria found in (5 AAC 28.577(l)). Vessels participating in the South Alaska Peninsula state-waters Pacific cod season may not exceed 58 feet in overall length.
