**Closure of the Southeast District of the Kodiak Area to  
Directed Commercial Black Rockfish Fishing**

**Emergency Order 4-GF-15-18**

The commercial black rockfish jig gear fishery in the Southeast District of the Kodiak Area will close at 12:00 noon May 30, 2018. Catch reports indicate black rockfish harvest in the Southeast District is approaching the guideline harvest level.

Following the closure, vessels may retain black rockfish in the Southeast District as bycatch, up to 5% by weight of the target species onboard. Operators of jig vessels registered for the Southeast District must contact ADF&G in Kodiak to change district registration prior to targeting black rockfish outside of the Southeast District.

For more information, contact ADF&G in Kodiak at (907) 486-1840.
