**Section 12-A: will be open in the following areas:**

**Kasnyku Bay: will be closed north and west of a line from North Point at 57°13.36' N. latitude, 134°50.53' W. longitude to the northernmost tip of Round Island to the southernmost tip of Round Island to a point on the Baranof Island shoreline at 57°12.48' N. latitude, 134°50.98' W. longitude.**

The intent of the spring fishery outside of Kendrick Bay is to harvest SSRAA produced chum salmon returning to the THA. To minimize the harvest of wild stock salmon, fishing area will be limited to within 2 nautical miles of the Prince of Wales Island shoreline and fishing time and area may be reduced in subsequent openings.

Fishermen, tenders, and processors are reminded that harvest from the Kendrick Bay THA must be kept and reported on a **separate** fish ticket from harvest outside of the Kendrick Bay THA. The statistical area for the Kendrick Bay THA is 102-15 and includes the waters of McLean Arm and Kendrick Bay. The statistical areas for portions of District 2 open outside of the Kendrick Bay THA are 102-10 (Kendrick Bay south) and 102-20 (Kendrick Bay north).

**King Salmon Landing Restrictions: For Kendrick Bay THA and the District 2 fishery, NO king salmon may be retained, landed, or sold.** This includes king salmon less than 28 inches in length.

**For all other fishing areas open outside of THAs, king salmon 28 inches or greater in length may NOT be retained.** King salmon greater than 21 inches and less than 28 inches may be retained but not sold. King salmon 21 inches or less may be retained and sold. All king salmon harvested in the Hidden Falls, Anita Bay, and Neets Bay THAs may be retained and sold. All king salmon harvested in the Deep Inlet THA must be retained and may be sold.

The 2018 forecasted run of summer chum salmon to Hidden Falls Terminal Harvest Area is 593,000 chum salmon. Of this run, 190,000 fish are needed for broodstock leaving 403,000 fish available for common property harvest. NSRAA is not planning any direct cost-recovery harvest at Hidden Falls. Additionally, due to the low forecasted run of chum salmon, there will be no tax assessment in the HFH THA. Purse seine openings are scheduled for June 17 and June 24 with no mid-week openings. Due to recent run failures and a weak forecast, only 2-3 openings are anticipated prior to the anticipated closure for broodstock collection. If the run comes in substantially above forecast, openings will be authorized as numbers allow.

The next seine announcement will be issued on **Tuesday, June 19, 2018.**
