The 2018 fall chum salmon preseason run projection is for a run size of 700,000 to 900,000 fish. This level of abundance is anticipated to be sufficient to meet escapement and subsistence needs and provide a surplus for commercial and personal use purposes.

This will be a 9-hour commercial fishing period for the **Set Net Only Area** with 6-inch or smaller mesh gillnets. The remainder of District 1 will be open to commercial fishing on Monday, August 6 from 6:00 p.m. until midnight. This will be a 6-hour commercial fishing period with 6-inch or smaller mesh gillnets. The sale of incidentally caught Chinook salmon is prohibited. All Chinook salmon kept for personal use must be recorded on a fish ticket.
