#### ICY BAY SUBDISTRICT LINGCOD LONGLINE BYCATCH CLOSURE ANNOUNCEMENT

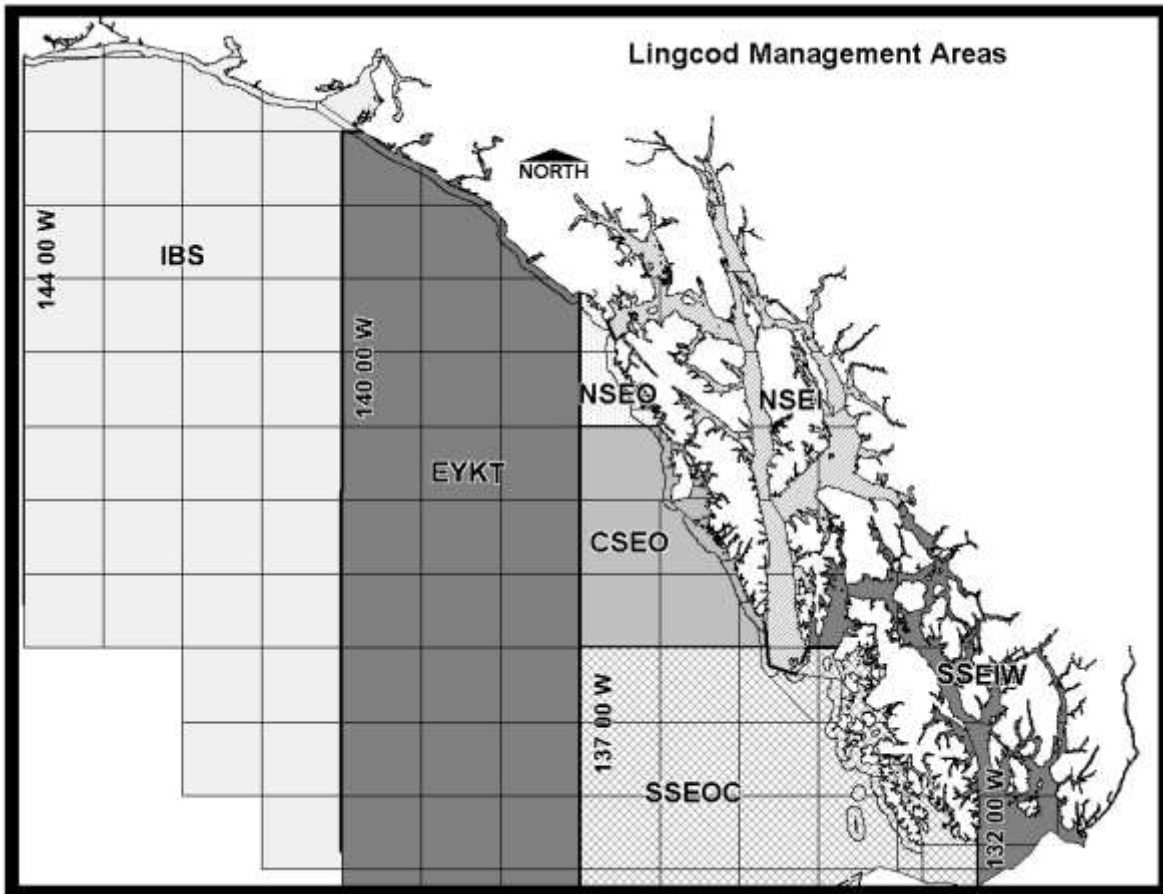

Sitka... The Alaska Department of Fish and Game (ADF&G) announced today that retention of lingcod bycatch in commercial longline fisheries will close in the entire Icy Bay Subdistrict (IBS) at 11:59 p.m., Sunday, October 14, 2018. The lingcod guideline harvest level (GHL) for IBS longline fisheries is 12,670 round lb. The department estimates 12,300 lb have been landed and the remainder of the GHL will be taken by the time of the closure.

The lingcod bycatch season remains open for longline fisheries (excluding sablefish) of the Eastern Gulf of Alaska Area in the East Yakutat (EYKT) Section, Northern Southeast Outside (NSEO) Section, Central Southeast Outside (CSEO) Section, Southern Southeast Outer Coast (SSEOC) Sector, and Northern Southeast Inside (NSEI) Subdistrict. Lingcod harvest will be closely monitored and fishermen should expect additional area closures on short notice. Closure notices will be announced by ADF&G news release and telephone hotline (907-747-4882), United States Coast Guard "Notice to Mariners" report and the National Weather Service marine broadcast.

The Emergency Order corresponding with this announcement is EO 1G1418.
