**About the Unit maps on the following pages:**

This Game Management Units map of Alaska and the individual unit maps found throughout the following section on seasons and bag limits are included to help you determine the area in which a regulation applies. These maps are not intended to reflect exact unit or restricted area boundaries. For exact boundaries, please refer to the written description at the beginning of each unit, and consult a large-scale topographical map of the area. Not all roads, streams, and geographical features are illustrated because of the small scale. Hunters are advised that additional restrictions may be imposed by the land owner. See page 4 for phone numbers of ADF&G offices in the communities noted on these maps.

# HOW TO READ THE UNIT PAGES CORRECTLY

## Unit 7 Seward

See map on page 58 for state restricted areas in Unit 7.

State restricted areas are shown on the unit maps.

This provides the area description of the unit and any subunits.

Gulf of Alaska drainages between Gore Point and Cape Fairfield, including the Nellie Juan and Kings River drainages, the Kenai River drainages upstream of a line from the mouth of the Russian River, continuing southerly along the Chugach National Forest boundary to the upper end of Upper Russian Lake; and including the drainages into Upper Russian Lake east of the Chugach National Forest boundary; the drainages into the south side of Turnagain Arm west of and including the Portage Creek drainage, and east of 150° W. long., and all Kenai Peninsula drainages east of 150° W. long., from Turnagain Arm to the Kenai River, and all seaward waters and lands within three (3) miles of these coastlines.

The lilac column describes the unit or the portion of the unit where the hunt occurs.

This column depicts if a hunt is open to Alaska residents (R), nonresidents (N) or both (B).

This section describes the bag limit (listed in red) and special restrictions, such as spike-fork or antler restrictions.

An "OR" symbol between a list of hunts, as shown here, informs you that while you may apply for more than one of these hunts, you may only take one bag limit or the other, not both.

Additionally, registration permits have specific pickup locations and dates they are available, as shown here.

A red star indicates that federal restrictions exist, check federal regulations.

Hunt types are also noted at the bottom of each unit page.

This column depicts if there is any ticket or permit required. "HT" means a harvest ticket is required.

Where a permit hunt number appears, the first letter determines which type of permit is required; R=registration permit D=drawing permit T=Tier II permit A=targeted permit.

Open season dates are shown in the last column.

Please note seasons for permit hunts may differ from the printed season shown here. Actual dates can be found on the individual permits.

\*Hunt numbers starting with a "C" = Community, "D" = Drawing, "HT" = Harvest ticket, "R" = Registration, "T" = Tier II. See pages 14-15.
