(2)

Unit 6(D), Hunt RG248: specifically, that portion including the mainland drainages of Sheep Creek; north of Port Valdez, Robe Lake, and the Richardson Highway; and east of Shoup Glacier.

1 goat by registration permit only; the taking of nannies with kids is
prohibited

All other mountain goat hunting regulations in Unit 6 are not affected by this emergency order.

Cora Campbell
Commissioner

By delegation to: Charlotte Westing
Area Wildlife Biologist

JUSTIFICATION:
The most recent aerial surveys resulted in a minimum count of 115 goats within the mountain goat hunt area RG248. The Department set the maximum allowable state harvest at 5 goat units. Each billy counts as one goat unit and each nanny counts as two goat units. With three billies taken and many hunters currently in the field, it is likely that additional goats have been harvested and not yet reported. This closure is necessary to prevent unsustainable harvest.
